Dear Parents and Guardians,

As we approach spring in Michigan, state standardized testing is right around the corner. Per SLCS Board of Education policy, all juniors will be taking the Michigan Merit Exam (MME). This is a graduation requirement for all South Lyon Community Schools students. The MME includes three tests: the SAT with Essay, ACT WorkKeys, and M-STEP. The SAT may be used for college applications and admission requirements. While juniors are taking the MME suite of assessments, freshmen and sophomores will be participating in the PSAT 9 and PSAT 10. All 9th, 10th, and 11th grade students—including Virtual Learning Pathway (VLP) students—will participate in these required tests and report in person on their assigned testing days.

In order to facilitate this year’s spring testing, it is necessary to make changes to the school calendar. These changes will impact all students in our high schools during testing week.
